EXECUTIVE COUNCIL AGENDA ITEM**

Introduction of Business: Increase Annual Club Dues

I move that: AVA increase annual club dues to \$100 for the fiscal year beginning July 1, 2014.

Summary of Proposed Action: Club dues have not been raised for a very long time. AVA's costs continue to rise with inflation. AVA's financial position will be improved considerably with the \$12,000 to \$15,000 in additional annual revenue provided by this dues increase. Local clubs will be able to pass this modest cost increase through to their members without experiencing any financial hardship. As an example, for a local club of 25 members, the revenue neutral dues increase per member would be \$2.00 per year.
